

HOLE	STROKE	PAR	RULES
1		2	The objective of the game is to complete all 18 holes taking the fewest possible strokes. To tee off, place the ball on the tee off mat.
2		2	
3		2	
4		2	Each stroke taken counts as one.
5		2	NO more than 7 strokes on each hole.
6		3	
7		3	A ball leaving the track should be replaced at the point of leaving, but a penalty of 1 extra stroke must be scored.
8		3	A ball lying against a track perimeter may be moved one club's head length to enable play to continue.
9		2	
10		3	On tracks 7, 10 and 15, if the ball rolls back a second non counted tee-off stroke is allowed.
11		3	
12		2	Don't walk on the green playing surface. You may carefully step onto this surface to play a stroke when necessary.
13		2	
14		3	Don't play strokes from the grass or paths.
15		3	
16		3	Don't use clubs as walking sticks or hammers.
17		3	
18		2	NO more than 7 strokes on each hole.
TOT		45

Mathematics Worksheet

Years 4-5

Student Outcome Statements

- N 2.1 (a)** Reads, writes, says and counts with whole numbers to beyond 100, using them to compare collection sizes and describe order.
- N 3.3** Adds and subtracts whole numbers and amounts of money and multiplies and divides by one digit and whole numbers, drawing mostly on mental strategies for doubling, halving, adding to 100 and additions and subtractions readily derived from basic facts..

Name.....

After you have added up your score on your score card, please answer the following questions.

- If you added 25 to your score, what would your new total be?
- On how many holes did you score 4 or less?
- Check with your friend what their score was and write it here
Now write your score here
What is the difference between yours and your friends score?
- Double your score. What is the answer?
- How many more points do you need to get to 100?

Score out of 5 _____
